OVERVIEW

The project 'TOP INDIAN SINGERS' is a BLOG website made using HTML and CSS, which contains the information of some of the top singers of India.

GOALS

- To create the webpage that contains a list of all time top singers of India.
- Have to add the name and image of the singer.
- Have to create a layout for the additional details of the singers like bio, list of songs, list of awards won and some pictures and videos related to that singer.
- Have to use the HTML to create the webpage and with CSS have to apply style to the webpage.
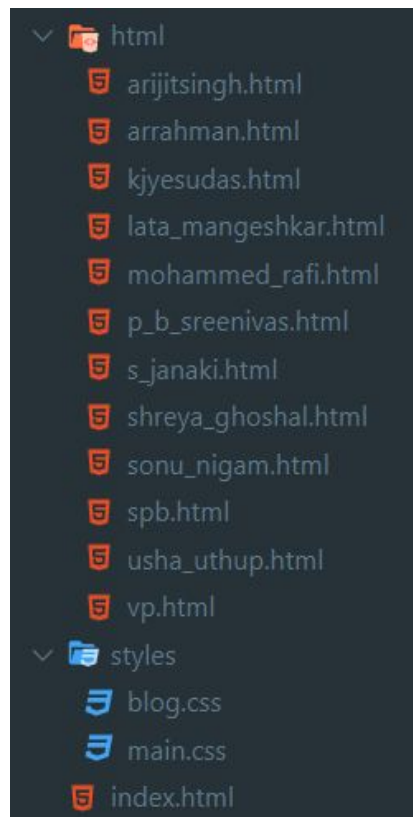

SPECIFICATIONS

- Created the home page which has a navigation list, logo text, banner, title and the list of singers.
- Made a 4x4 grid profile card to list the singer`s name with their photo.
- When hovering on the profile card, the read more option will show, which is clickable.
- By clicking on read more, it redirects to the respective singers webpage.
- The webpage, it contains the navigation menu when clicked on that it will scroll down to the respective details block.
- The webpage contains the name of the singer with their photo and other details.

ABOUT

Allahrakha Rahman known professionally as A. R. Rahman, is an Indian composer, singer and music producer who works predominantly in Tamil and Hindi movies. In 2010, the Indian government awarded him the Padma Bhushan, the nation's third-highest civilian award. Among Rahman's awards are six National Film Awards, two Academy Awards, two Grammy Awards, a BAFTA Award, a Golden Globe Award, fifteen Filmfare Awards and seventeenFilmfare Awards South. Rahman initially composed scores for different documentaries and jingles for advertisements and Indian television channels. With his in-house studio Panchathan Record Inn, Rahman's film-scoring career began during the early 1990s with the Tamil film Roja. Following that, he went on to score several songs for Tamil language films, including Ratnam's politically-charged Bombay, the urban Kadhalan, Thiruda Thiruda and S. Shankar's debut film Gentleman.
